

Course 18th Edition IEE Regulations

This course is designed to ensure practising electricians are fully up-to-date with the current edition of the IEE Wiring Regulations. A firm knowledge of the current edition of the Regulations is a requirement for approving bodies such as NICEIC, etc.

The course is designed for Electrical Contractors, Installation Electricians, Supervisors and Maintenance Electricians, who wish to familiarise themselves with the current edition of the Regulations and the supporting literature. It is structured to prepare candidates for the C&G 2382-18 examination leading to the Certificate for the Requirements for Electrical Installations BS7671: 2018 18th Edition of the Wiring Regulations Second Amendment.

Topic covered:-

- **Scope, object and Fundamental Requirements**
- **General Characteristics of Electrical Systems**
- **Protection for Safety**
- **Selection and Erection of Equipment**
- **Special Installations and Locations**
- **Inspection and Testing**
- **City & Guilds preparation.**

Course notes, exercises and handouts are included.

Delegates should have copies of the 18th Edition Wiring Regulations 2018(2022) incorporation Amendments 1 and 2.

i.e. the Brown Book and the IEE On Site Guide.

Loan copies may be available, but are not guaranteed.

Course Duration: 4 days (2hr. C&G online Assessment p.m. of fourth day).

A one-day refresher course is also available.

Course Dates: See PDT Schedule

Cost: **£460** + VAT.
